

# Beanstack

Log your summer reading online this summer with  
the Champaign County Library and Beanstack...

## GET STARTED TODAY!

- Use your computer, smartphone, or tablet to log reading and activities for all ages then you'll stop in the library to pick up any prizes earned!
- Keep track of progress and achievements while reading or doing Summer Reading Challenges.
- Receive weekly book recommendations tailored to your child's age, reading level, and reading interests via email.
- Follow learning tips for each book to make the most out of your reading experience.
- Learn about library programs matched to your child's age.

Follow these simple steps to register your family!

1. Go to [champaign.beanstack.org](http://champaign.beanstack.org) and select your age group. Select the age group the child will be going in to in the fall of 2017. It will ask if you want to register yourself or your child for some of the groups, we suggest registering a parent or guardian first and then the child or children.
2. Fill out the simple form about you and your child including your email address and an 8 character-long password. That email and password will be how you will log in to the site in the future.
3. The more information you add to personalize your account - especially for your children - the more specific the recommendations we can make for books and programs this summer!
4. Starting Monday, June 12, you'll be able to start picking up prizes you've earned for logging your reading and activities for the Summer Reading Club by coming to the library and we'll look up your account and be able to see what prizes you've earned!

If you have any questions or need help with part of this process, please let us know.  
We appreciate your patience as we try something new and exciting for  
the Champaign County Library Summer Reading Club!
