

Beanstack

Log your winter reading online this summer with
the Champaign County Library and Beanstack
from December 3 to March 11!

GET STARTED TODAY!

- Use your computer, smartphone, or tablet to log activities for all ages then you'll stop in the library to pick up any prizes earned!
- Keep track of progress and achievements while reading or doing Reading Challenges.
- Receive weekly book recommendations tailored to age, reading level, and reading interests via email.
- Learn about library programs matched to ages of any readers who sign up!

Follow these simple steps to register your family!

1. Go to champaign.beanstack.org and select your age group. It will ask if you want to register yourself or your child for some of the groups, we suggest registering a parent or guardian first and then the child or children.
2. Fill out the simple form about you and your child including your email address and an 8 character-long password. That email and password will be how you will log in to the site in the future.
3. The more information you add to your account - especially for your children - the more specific the recommendations we can make for books and programs this summer!
4. If you complete any of the three monthly lists (December, January, & February) you will be entered to win grand prizes in March. And you can fill out weekly book reviews for each book you read to win weekly prizes throughout the winter!

If you have any questions or need help with part of this process, please let us know.

We appreciate your patience as we try something new and exciting for
the Champaign County Library Winter Reading Club!
